

SPECIAL INTIMACY NEEDS EDUCATOR:

Assisting differently abled people with the improvement of their emotional and sexual needs

Project No. 2018-1-LV01-KA204-046973

Second Transnational Meeting

Milan (Italy) – 28 & 29 May 2019

PROJECT PROGRESS

Next payment:

Partners have to send all the documents needed for the first payment that will be done in June by **7th June**.

Deadlines:

Partners are doing good work so far, but it would be important to inform the project coordinator, if there are some delays in the deadlines.

IO1/A1.1 BEST PRACTICE REPORT

Eurocrea presents the draft for the final country report and asks partners to provide more “best practices of training courses”.

The information that has to be provided is learning outcomes, duration, certification, if it is formal or informal. If the countries we are researching on have good examples, the partners can describe them. If not, the partners could look for countries with a longer tradition in this type of courses, such as Sweden, Germany, Denmark, and Switzerland. The partners who haven't provided the information yet, have to do this by **14th June**.

A new folder has been created on Google Drive/ Intellectual Outputs/ IO1 for additional information:

IO1/A1.2 UPDATE OF THE TRAINING NEEDS ANALYSIS - QUESTIONNAIRES

The target has been fulfilled. We have 120 filled questionnaires.

Partners decide on the terminology that has to be used and agree to use the definition of the W.H.O. (World Health Organization) for internal uses, though terminology is country specific and it should be adapted in every country to make it more relevant. The terminology will be adapted during the translation/adaptation process.

Partners are asked to revise/correct mistakes and complete the information of the general survey report and revise the country reports by **14th June**.

Partners are doing good work so far, but it would be important to inform the project coordinator, if there are some delays in the deadlines.

IO1/A1.1 BEST PRACTICE REPORT

Eurocrea presents the draft for the final country report and asks partners to provide more “best practices of **training courses**”.

The information that has to be provided is learning outcomes, duration, certification, if it is formal or informal. If the countries we are researching on have good examples, the partners can describe them. If not, the partners could look for countries with a longer tradition in this type of courses, such as Sweden, Germany, Denmark, and Switzerland. The partners who haven't provided the information yet, have to do this by **14th June**.

A new folder has been created on Google Drive/ Intellectual Outputs/ IO1 for additional information.

IO1/A1.2 UPDATE OF THE TRAINING NEEDS ANALYSIS - QUESTIONNAIRES

The target has been fulfilled. We have 120 filled questionnaires.

Partners decide on the terminology that has to be used and agree to use the definition of the W.H.O. (World Health Organization) for internal uses, though terminology is country specific and it should be adapted in every country to make it more relevant. The terminology will be adapted during the translation/adaptation process.

Partners are asked to revise/correct mistakes and complete the information of the general survey report and revise the country reports by **14th June**.

Both reports - country and survey report - can be found on Google Drive, in the folder Intellectual Outputs/ IO1.

The deadline for the final report: country + survey is 30th June.

IO2 THE EUROPEAN SPECIAL INTIMACY NEEDS EDUCATOR IO1/A2 A LEARNING PATH STRUCTURED ACCORDING TO THE VALIDATION GUIDELINES

Eurocrea presents the draft of the “SINE validation Guidelines and tools” The whole document can be found on Google Drive, on the folder Transnational Meetings/TM2_Milan_MAY2019/Presentations

Validation

Partners agree on the importance of awarding this training with a certificate. Partners who pilot the course should validate officially the certification:

- ATFCT: thought the Education Ministry and the Psychological Professional Association
- Istituto di Sordi inserting the course in the database of the Ministry, so that all the educators can see the course.

In the certificate, there should be a list of competencies. The curriculum has to take into consideration the training outcomes: Knowledge, skills and competencies.

IO1/A2.2 THE SYLLABUS OF A TRAINING COURSE FOR EDUCATORS

The modules should be independent, but if somebody wants to finish the course and obtain a certificate, they have to go through all the modules.

Each module should have:

- Theory
- Examples
- Case study
- Self reflection

Length of the course: 60 hours

Length of each module: 10 hours

In theoretical modules (1 & 2) the questions can be closed and in more practical modules (from 3 to 6) we will use self-assessment activities. For example, a case study and give 3 different approaches. Then give the answer and explain why.

Number of questions: minimum 5 to maximum 10.

Types of questions:

- a) yes/no questions
- b) choose the correct answer
- c) fill in the gap

The assessment questions (5 to 10) have to be at the end of each module.

Bibliography section for each module.

Glossary of terminology (with hyperlink or pop out windows)

The course has to be structured in power point with boxes and bullet points. See following page as an example: <http://www.digitproject.eu/wp/elearn/>

Put some reflection questions mixed with the theory to make it more interactive.

Terminology used:

Module 1

unit 1

unit 2

Module 2

unit 1

etc

Eurocrea will provide guidelines of the course structure and how to develop it. In the guidelines, there will be stated the target group and the definition of people with disabilities.

Division of the modules:

- Module 1: Open Europe
- Module 2: Apeirons
- Module 3: Eurocrea
- Module 4: ATFCT
- Module 5: Istituto di Sordi
- Module 6: COMCY

Deadlines:

- Eurocrea sends methodology by the **14th June.**
- Partners write the syllabus of their chapter and identify the learning outcomes to be acquired - by the **8th July.**
- Peer review (1/2 - 3/6, 4/5) by **15th July**
- Eurocrea and Comcy do the final revision by **29th July.**

COMCY, ATFCT and Istituto dei Sordi agreed to check if they could validate online courses.

The development of the course begins in September.

Partners agree on using Facebook for interaction and opinion exchange among the learners. The moderator has to be assigned among the partners, during 2 years (the time of the project). A link to the Facebook group has to be provided in the website.

At the beginning, only a general group in English will be created and, if partners consider it necessary, they can create a national group, that will be managed by the partner from this country.

Useful information. See as an example:

<https://www.traseproject.com/curriculum>

<http://www.digitproject.eu/wp/elearn/course/view.php?id=5>

IO2 PRESENTATION OF IO2. THE EUROPEAN SPECIAL INTIMACY NEEDS EDUCATOR TRAINING COURSE

This IO will be developed from 1st September 2019 to 31st October 2020.

Target group: social workers, educators and caregivers (they can be relatives).

The modules will be developed in English and translated into partner languages.

In the course, we can have all the annexes with additional material in pdf format. We can talk about them in the course and then refer to the pdf to download and use.

After the preliminary analysis, Eurocrea will create a report to adjust all the content.

3TM AND CI

The organisation of CI and TM3 has been discussed. Open Europe (host organisation of CI and TM3) and Apeirons will check the budget and see how to organize these events.

TM3 will be organised on **17-18 October** in Reus, Spain, by OpenEurope. One staff member from each organisation and two staff member from the Project Coordinator will participate in it

2 people from each organisation will participate in C1. The total number of the participants is 50: 10 international and 40 from Spain. Istituto di Sordi has budget for an expert for C1 (learning activity: legislation, different disabilities and family life) and C2 (training activity)

To be decided:

- When to organise C1.
- How to organize C1.
- Who is going to deliver the training? Partners propose that we divide the work, but partners have no budget to stay for a week and a hosting organisation for organisation a training.
- If the topics chosen for the modules reflect the needs of the target group. As a suggestion, these topics can be discussed during C1 to see if they match the needs of the participants.

Partners agreed that the C1 activity has to be discussed furthermore. A decision will be taken during next week after a Skype meeting with Apeirons to discuss a few issues.

WEBSITE

Partners have to check if their own information is correct.

The contact page has to be redirected to the email of the project: specialintimacy@gmail.com

The contrast of the colour of the background and the letters should be bigger. Also the size, font and colour of the letters should be changed accordingly.

See as an example for the images and slogan: <https://www.playeurope-project.eu/>

Partners agree on following structure for the website:

Home	Our Project or about the project	Project Results	Free Tools	Contact
Picture News Link to FB	Description of the project Partner description or logo and link to the partner's website	Best Practices Questionnaire Online Course		
Open the web in home			It will be necessary to register in order to get the free tools – This point has to be confirmed, because of data privacy	The contact will be redirected to the project's email
Timeline Chronology: recent issues at the top				

At the bottom of the page: Project number, disclaimer and logo of the EU.

To choose the most suitable pictures for the website, each partner provides 5 pictures by **12th June** and upload them to Google drive on the folder Website/images

Partners agree on changing the colour of the background, once we have decided the pictures we are going to use.

DISSEMINATION

FACEBOOK:

All the partners will make a Facebook post, once a week.

Istituto dei Sordi will prepare the new Facebook post schedule for the next 6 months period and upload it to Google Drive/Dissemination by **15th of June**

NEWSLETTER:

Istituto dei Sordi will prepare the first newsletter by the **20th of June**.

It can be posted in the "news" section of the website. Partners that want to translate the newsletter will send the translated version to Open Europe to upload to the website.

Istituto dei Sordi will prepare a poster/ leaflets for dissemination by **20th of June**. There will be editable and, if partners need it, they can print it.

"Canva" tool could be used for this purpose.

QUALITY ASSESSMENT

Eurocrea explains the results of the quality assessment survey that you can find on Google Drive, on the folder Transnational Meetings/TM2_Milan_MAY2019/Presentations

NEXT STEPS

Partners agree on the next online meeting before the summer holidays. The project coordinator will make a doodle to decide on the best date.
